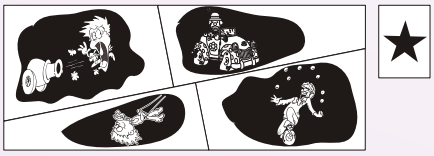
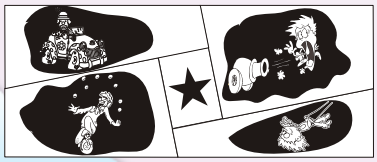
CIRCUS TEAMWORK PUZZLE

SIDE A

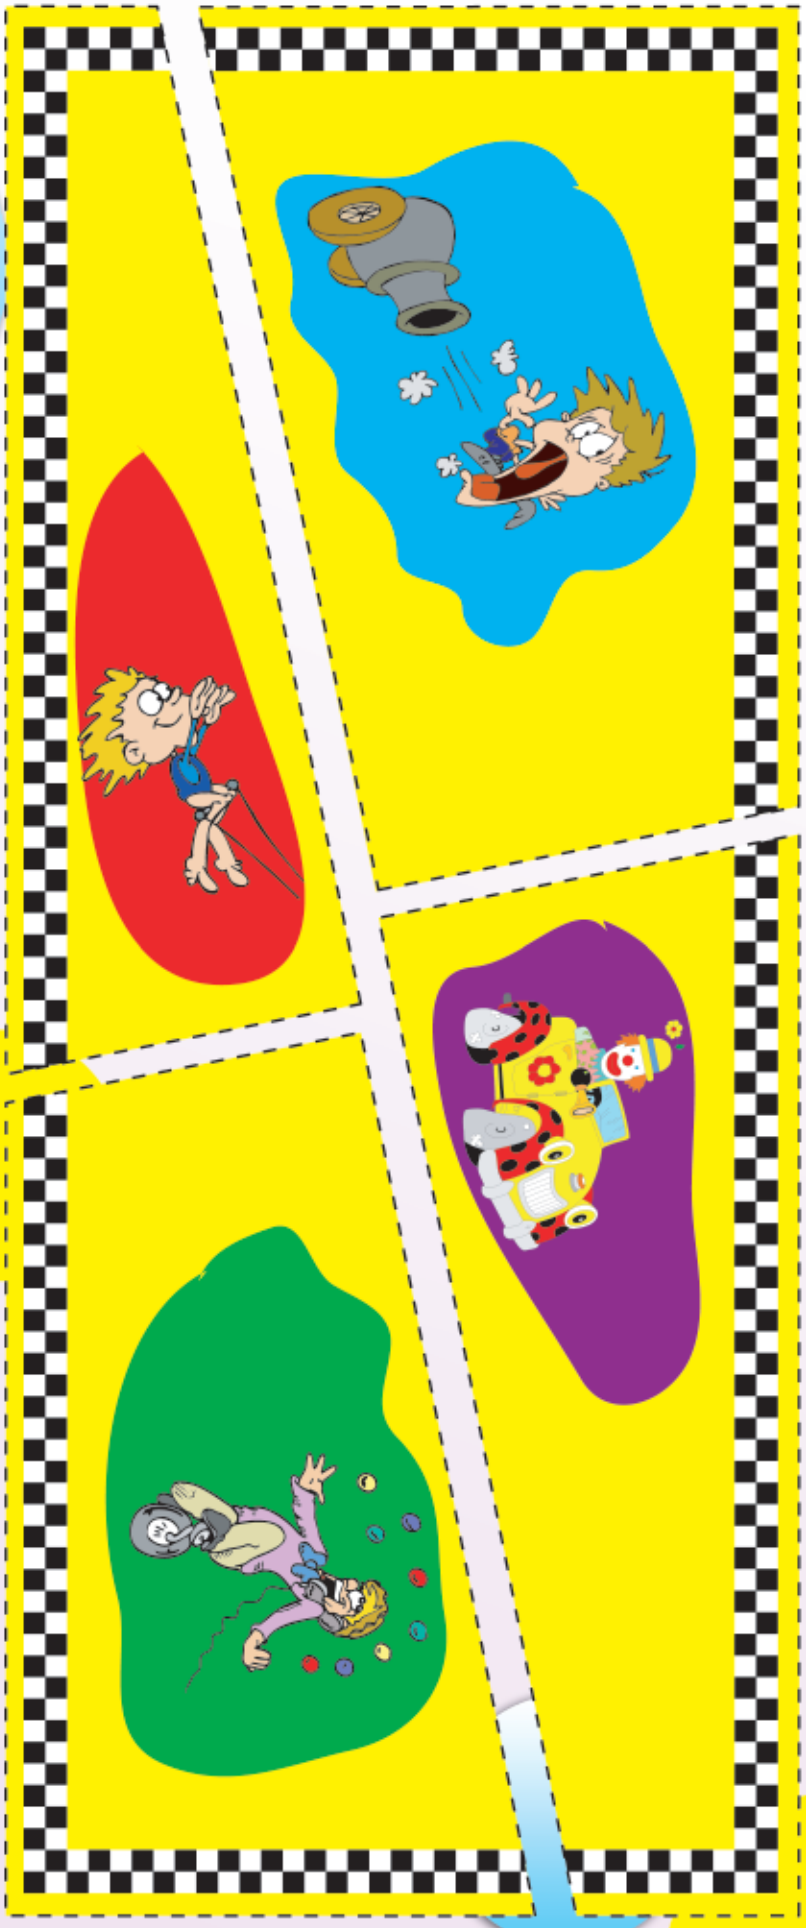
Cut the pieces carefully along the dotted lines. Notice the checkered frame border has black squares in the outter corners on side A, and white squares in the outter corners on side B. With all the side A pieces face up, arrange the puzzle showing there is no room for the star. Follow the patter in the routine then flip the pieces and arrange the puzzle again starting by placing the star down first and work around that.



Solution 1 — Side A



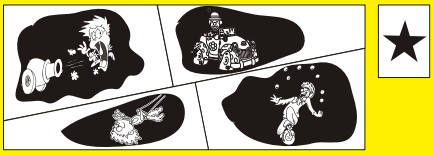
Solution 2 — Side B



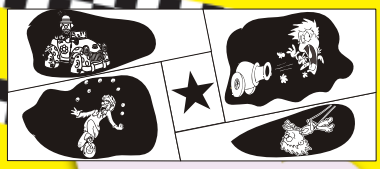
CIRCUS TEAMWORK PUZZLE

SIDE B

Cut the pieces carefully along the dotted lines. Notice the checkered frame border has black squares in the outter corners on side A, and white squares in the outter corners on side B. With all the side A pieces face up, arrange the puzzle showing there is no room for the star. Follow the patter in the routine then flip the pieces and arrange the puzzle again starting by placing the star down first and work around that.



Solution 1 — Side A



Solution 2 — Side B
